

The SWS Chronicle

Rtn. PHF. R. SOMASUNDARAM,
Correspondent,

**"A true guiding force-always
approachable, always supportive."**

A warm, philanthropic, and encouraging leader who generously extends help to the staff, students, parents, and the community, despite his demanding schedule.

Rtn. S. NIRMALA DEVI SOMASUNDARAM,
Administrative Officer,

"Excellence is not an act, but a habit."

A dedicated and visionary administrator who ensures quality, discipline, and high standards in every endeavour.

Dr. VIDHYA KUMAR A.R, Principal,

**"Creativity and learning light the
path to progress."**

An inspiring academician and dynamic administrator who firmly believes in innovation, creative thinking, and continuous learning.

OUR CREW

**"Great achievements are the result of
great teamwork."**

Here are the leaders who guide, support, and elevate our school's journey with passion, purpose, and commitment.

INFRASTRUCTURE

"A strong foundation creates a strong future."

Our school offers a vibrant campus with smart classrooms, and advanced labs. Our large playground and clean environment foster holistic growth and ideal learning.

Relive the Trip
IIT - Madras!

Hello, Dear Readers !

Welcome to our latest edition of the school chronicle-a collection of memories, stories, and creativity straight from the heart of our student community. Every page has been shaped by the hard work of our young writers, artists, and photographers, all eager to share their experiences with you.

Putting this chronicle together has been an incredible journey for the editorial team. We laughed, we learned, and most importantly, we discovered just how much talent lives within our school.

We hope this edition not only entertains you but also inspires you to contribute to future issues-because every student has a story worth telling!

DID YOU KNOW ?

Pound For Pound, Human Bones Are Stronger Than Steel.

Rtn. PHF. R. SOMASUNDARAM
FOUNDER & CHAIRMAN, SVVS, CBSE

CORRESPONDENT MESSAGE

Dear Fellow Students,

It is my pleasure to share a few thoughts with you through this edition of the Student Chronicle.

At your age, what you learn is valuable - but knowledge becomes truly meaningful only when it is experienced and applied. The Student Chronicle aims to provide a learning platform where you can work as a team, exchange ideas, and develop practical skills that go beyond textbooks.

Remember, "The world doesn't pay you for what you know; it pays you for what you do with what you know." Graduating from a top university or earning gold medals alone does not ensure success. What truly matters is how you use your learning to benefit others and contribute to your community. That is what will make you shine in your career.

While studying new concepts, use creativity and mind mapping to connect ideas. When you understand something through your own effort and imagination, it stays with you much longer. Likewise, volunteering and taking part in new activities will shape your confidence and broaden your perspective.

Your attitude towards your work defines its value. Cultivate a positive mindset and focus on the well-being of others — it adds greater meaning to your life. Being human is normal; being a good human with the right attitude is what makes you exceptional.

Be a good human. Do good to all.

Best wishes to all of you!

I measured the stars and revealed the power of zero,
 An ancient Indian genius—who am I?

Answer In Page No 4

History of The School !

The school is indeed dedicated to the everlasting memory of late **Thiru N.K.Rangasamy**, a charismatic personality. It was just a bud in his mind but it has blossomed into full bloom in the hands of **Thiru.R. Somasundaram**, the chairperson of N.K.R Rani Mahal Trust. Inspired by his father's ideals, Thiru R. Somasundaram has immense pleasure and interest in empowering the rural children in and around Bujanganoor. To fulfill his father's ambition, **SVVS** was incepted in the year 2005. SVVS is his brain child. Through his strenuous efforts and progressive results the school is now in its **21st year**.

Welcoming Our Grade 11 Stars at SVVS

Fresher's Day 2025 at SVVS was a warm welcome into a new chapter, with the whole school coming together to make Grade 11 students feel truly valued. The day began with soothing music, a soulful prayer, and inspiring words from chief guest Dr. Jayaraman, Founder of Sowmiya Hospital, our Correspondent, Administrative officer and Principal-marking the start of lasting connections. The stage came alive with vibrant classical and western dances, a powerful mime by senior boys, a surprise beat boxing act, and a flute performance that filled the hall with joy. The Administrative officer added thoughtful guidance on career choices and goal-setting. The celebration ended with smiles, lighter hearts, and new friendships-launching a journey of hope, talent, and togetherness.

Warm Welcome to Our Little Learners

The Kids Clump Fresher's Day was a joyful celebration welcoming our youngest members into the school family. With colorful decorations and cheerful performances, the little ones felt right at home—just as a newborn is welcomed into a family with love and

care by the Senior KG children and the entire school. The occasion was graced by our Chief Guest, Dr. Vishnupriya, MBBS., DNB (OG), Obstetrician & Gynaecologist, Smily Hospital, Mettupalayam, making it a truly heart-warming start to their school journey.

SVVS Investiture Ceremony : Honouring New Leaders

The Investiture Ceremony at SVVS was a proud moment, marking the official appointment of the newly elected student cabinet. Badges of responsibility and honour were conferred by the Correspondent, Administrative Officer and Principal, symbolizing trust and leadership. In an inspiring address, the Administrative Officer emphasized that true leaders lead by example, serve with humility, and rise with purpose. The event concluded with a heartfelt vote of thanks by the newly elected Head Boy, expressing gratitude and a strong commitment to the journey ahead.

The thirty-three thieves thought that they thrilled the throne throughout Thursday.

Answer : Aryabhata

Every school year is like opening the first page of a brand-new book. The cover may look familiar, but the story inside is waiting to be written—with fresh hopes, challenges, and triumphs. As we step into another beautiful year at SVVS, we remind ourselves that education is not only about marks and medals—it is about becoming better versions of ourselves every single day.

SVVS is not just a place where lessons are taught; it is where values are lived. Within these walls, laughter fills the corridors, friendships blossom, and young minds learn the joy of curiosity. Here, mistakes are not failures but stepping stones. Here, success is not only measured in trophies, but in kindness shown, confidence gained, and courage discovered.

The Chronicle you hold in your hands is more than a magazine—it is the voice of SVVS. It carries stories of determination, sparks of creativity, and memories that bind us together. In these pages, you will find the brilliance of our students, the dedication of our teachers, and the spirit of unity that makes our institution truly special.

Every competition won, every event celebrated, every service rendered is not just an achievement—it is proof that when we walk together, no dream is too big. Our sports fields echo with passion, our stages shine with talent, and our classrooms hum with ideas that will one day change the world.

As we look ahead, may this Chronicle remind us that life is not a race to the finish, but a journey of growth. Let us continue to support each other, to celebrate each other's strengths, and to lift each other in times of challenge. In the end, what we create here is not just scholars, but responsible citizens and compassionate human beings.

Here at SVVS, every morning is a new chance to learn, every friendship a new reason to smile, and every achievement a shared victory. Together, let us write yet another unforgettable chapter of our story.

**HER ASHES
WROTE
MY NAME**

**Tharunikaa
Sivakumar**
- x

A bruise can bloom—not fade—with grace.
She wrote the dusk upon her face.
Her silence was a sharpened thread;
It stitched the places where fear once bled.

Not forged by gold, but fire and rain,
She kissed the edge and drank the pain.
The world saw cracks—she saw design;
Even shadows know how to shine.

She walks where maps forget to mark,
A question dressed in quiet dark.
No one sees the wars she wins
In whispered steps and paper-thin skins.

Happiness hums in the quiet unknown,
In moments she claims as softly her own.
Not loud, not grand, not meant to impress—
Just peace that fits like a warm, worn dress.

THE SILENT POWER OF SPORTS

Sports are more than just games played on fields or courts. They are silent teachers that shape us without words. Whether it is cricket in the streets, football in the rain, or running on a track alone every moment spent playing teaches us lessons no classroom ever could.

When we lose a match, we learn resilience. When we win, we learn humility. We discover that success is not about scoring goals, but about showing up, again and again, even after failing. A player may fall, but the spirit learns to rise.

Sports bring people together - strangers become teammates, enemies shake hands. Across cultures, languages, and borders, a single game can unite millions.

Overall, sports remind us that life too is a game. There are rules, challenges, defeats, and victories. But true joy lies in playing it with heart.

N. Shree Sathyan - xi

**DID YOU
KNOW ?**

The Brain's Painlessness: Although The Brain Processes Pain Signals From All Over The Body, The Brain Tissue Itself Cannot Feel Pain.

"When we look at the Milky Way, we're not just seeing stars—we're seeing time itself, reminding us how small we are in a vast universe."

Let's Use the Internet the Right Way !

Warm greetings to all of you! I hope you're doing well and enjoying your time both at school and at home. Today, I felt like writing to you about something that has become a part of our daily lives — the internet. I want to share how I use it carefully and safely. Just like many of you, I also use the internet to watch cartoons, play games, and search for school lessons. But I always do so with care and responsibility. I make sure that either my parents or grandparents are with me whenever I'm online, and I never visit any website without their permission. Sometimes, we may come across content that is confusing, scary, or even harmful. If that happens, I immediately inform my parents. I never keep it a secret because I know they will guide me in the right way. I also make sure never to share my personal information — like my name, age, school name, address, or photographs — with anyone online. My parents have clearly told me that such details should always be kept private. If anyone tries to chat with me or sends unknown links, I simply stay away. My parents have explained how dangerous such things can be. When I play games online or create accounts, I use a strong password — and I never share it with anyone except my family. This keeps me safe. Though I love playing online games, I don't spend too much time on them. My mom allows me to play only during weekends, and that too just for one hour — only after finishing all my studies. My uncle once said that too much screen time can harm our eyes and health, and I truly believe it. Our teachers have also helped us understand the importance of cyber safety and staying alert while using the internet. So, my dear friends, we cannot avoid the internet — it's a big part of our lives now. But let us use it wisely, safely, and always with the guidance of our elders. Let's be smart and stay safe!

Deepshikha R, vi

SUCCESS IS A DAILY DISCIPLINE

Success is not a sudden achievement but the result of disciplined actions repeated every day. It is built through consistency, self-control, and a commitment to purposeful habits rather than occasional bursts of effort. Daily discipline transforms goals into reality by instilling focus, perseverance, and accountability. Small choices — being punctual, staying committed, and managing time wisely — compound over time to create lasting excellence. True success belongs to those who embrace discipline as a lifestyle, not a burden. When practiced daily, discipline becomes the silent force that shapes character, fuels progress, and turns ambition into achievement.

DISCIPLINE

M. DARSHAN, XI

CONSISTENCY Beats MOTIVATION

Motivation is fleeting, but consistency is enduring. While motivation may ignite the desire to begin, it is consistent effort that sustains progress and delivers results. Success is achieved not through occasional enthusiasm, but through disciplined actions performed daily. Consistency cultivates resilience, focus, and reliability. Even small, repeated efforts accumulate over time, transforming ordinary habits into extraordinary outcomes. Unlike motivation, which fluctuates with mood and circumstance, consistency anchors commitment and fuels long-term growth.

Ultimately, those who show up every day — regardless of inspiration — are the ones who succeed. Consistency outperforms motivation by turning intention into achievement and ambition into excellence.

KAVYA PRIYA S, IX

GUIDING VALUES

Values guide us every day,
Showing right in work and play.
Honesty, respect, and care,
Shape our thoughts and actions fair.
Discipline builds focus strong,
Kindness helps us get along.
Knowledge teaches what we know,
Values teach how to grow.

Remembering
Trip Moments !

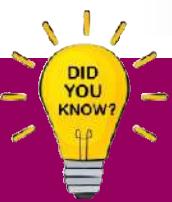

THE POWER OF PURPOSE

Gen Z wakes with dreams in sight,
Purpose turns our goals to light.
Through chaos, noise, and endless scroll,
A focused heart achieves the goal.
Values guide each step we take,
Choices shape the path we make.
With passion, vision, courage, and drive,
Purpose helps our dreams come alive.

BOARD EXAM TIPS : A TEACHER'S PERSPECTIVE

Board examinations play a crucial role in a student's academic journey. While they often bring stress and anxiety, the right approach can turn them into an opportunity for confident performance. The first and most important step is planned preparation. Students should follow a realistic study timetable, giving equal importance to all subjects. Understanding concepts is more effective than memorising answers. Regular revision and practice of previous years' question papers help students become familiar with the exam pattern and manage time efficiently. Consistency matters more than long hours of study. Short, focused study sessions with proper breaks improve concentration and retention. Students should also maintain their health by eating nutritious food, staying hydrated, and getting adequate sleep, especially during the exam period. On the day of the exam, remain calm and read the question paper carefully before answering. Attempt familiar questions first and manage time wisely. Finally, believe in your preparation. Confidence, discipline, and a positive mindset are the keys to success in board examinations.

- XII

Life is full of challenges, fears, and insecurities, but one thing we should always remember is that time heals everything. If we work hard in the present, we can build a successful and meaningful future. Every drop of sweat and every tear we shed makes us stronger, day by day. Instead of losing hope, let us face our struggles with courage and patience. Hard work, faith, and perseverance will eventually lead us toward brighter days. Sometimes, we become so busy that we forget how precious time really is. Before we even realize it, moments slip away. That is why it is important to enjoy every minute of life, notice the beauty around us, and cherish the people who make our journey special. We should never be afraid of the future. Each one of us has only one life, and it is up to us to create our own path. With determination and vision, we can lead the future and shape the world in our own unique way. Let us dream big, spread our wings, and fly high into the sky of opportunities. The leaders of tomorrow are those who believe in hope, hard work, and togetherness.

So, dear readers, let us remind ourselves each day: Stay strong, stay united, and trust that time heals everything.

She wasn't born to chase a crown,
No medals gleamed in her small home town
But in the field behind her school,
The game she broke each rule.

With dusty knees and aching feet,
She faced the sun, refused defeat.
Gouched near the pole with silent pride,
She watched, then began to glide.
A flash of speed, a sudden turn.

The Earth would hum beneath her run.
One word "KHO" and off she flew
Like unleashed from the skies so blue.
Her team behind, their bonds unspoken,
A chain of trust that's never broken.

They say it's just the sport they play,
But she breathes "KHO KHO"
Every day

தன்னம்பிக்கை வெற்றிக்கு வழிகாட்டும் சக்தி

தன்னம்பிக்கை என்பது நமக்கு உழைப்புக்கு உறுதி, தொரியம் மற்றும் தெளிவான நோக்கை அளிக்கும் முக்கியமான மனநிலை. இது நாம் எதையும் சாதிக்க முடியும் என்ற நம்பிக்கையை உருவாக்கி, சவால்களை எளிதாக சமாளிக்க உதவுகிறது.

தன்னம்பிக்கையின் முக்கியத்துவம் :

- அது வெற்றிக்கு அடிப்படை
- மனநிலை அமைதி மற்றும் நிலையான முன்னேற்றத்தை உருவாக்குகிறது.
- தொழில்முறை வாழ்க்கையில் முன்னேற்றத்தை ஊக்குவிக்கின்றது.

தன்னம்பிக்கையை வளர்ப்பதற்கான சில வழிகள் :

- சிறிய வெற்றிகளை கொண்டாடி முன்னேற்றங்கள்.
- நல்ல எண்ணாங்களை பராமரித்து, உங்கள் தீற்றுகளில் நம்பிக்கை வைக்கவும்.
- தோல்வியை அனுபவித்து, அதிலிருந்து கற்றுக் கொள்ளுங்கள்.

தன்னம்பிக்கையின் மூலம் வெற்றியான வாழ்க்கை, மகிழ்ச்சி, மற்றும் முதலிடத்தில் முன்னேற்றம் அடைய முடியும். இருப்பினும், மிக அதிக நம்பிக்கையுடன் முன்னேற்றத்தை தவிர்க்க வேண்டும், ஏனெனில் அது முடிவுகளை தவறாக வழிநடத்தலாம். சுருக்கமாக, தன்னம்பிக்கை என்பது வாழ்க்கையை எளிதாகவும் சிறப்பாகவும் வாழ உதவும் சக்தி.
